

Ke Kumu 'Āina Fall Break Program

*An exploration of forestry and
watershed conservation for
middle school students*

October 9–13, 2017

8 a.m. to 3 p.m.

Waimea, Hawai'i Island

The Kohala Center's *free* Ke Kumu 'Āina Fall Break Program takes place October 9–13 from 8 a.m. to 3 p.m. and offers middle school students opportunities to learn about forestry and watershed conservation. Participants will learn to identify common native forest plants and their uses, understand the environments in which they grow, and engage in scientific field research. Students will meet in Waimea and enjoy daily field trips into the Kohala watershed, hands-on workshops, and 'āina-based activities.

Download the application at koha.la/kkafall17
or contact Mahina Patterson at
